## September 2021 Newsletter

---

Dear Parents/Guardians,

Welcome September! We are now wrapping up the summer time fun and beginning to get ready for back to school! As we move into September we have children coming back to school as well as allowing all children to get to know their classroom and environment. It's important for the children to get to know their environment in order for them to begin to learn and work comfortably! For monthly payments we are asking that families who are e-transferring, to please use the password of the full month which is being paid for along with the year.

Example: September2021

Please continue to check out our photos on our Instagram or our Facebook page as we will be posting new pictures!

### Policies during these times

---

During these times, we've had few modifications. At drop off time, a staff will come to the door and help your child inside the building. At pick up time, the door will remain closed and once your child is ready a staff member will bring your child to you. This is done to keep our environment inside the building as safe as possible. We do remind families that if a child comes with a hot/warm lunch we will warm it up and to please pack utensils for your child in their lunch kit.
